

Nature Cart

Your Ultimate Online Supermarket Experience.

Development of Enterprise Applications I

Nature Cart

Your Ultimate Online Supermarket Experience.

Nature Cart, your premier destination for all your grocery needs, right at your fingertips. Our e-commerce website brings the convenience of a supermarket directly to your home, offering a wide range of fresh, natural, and high-quality products for you and your family.

At Nature Cart, we understand the importance of healthy living and sustainable choices. That's why we carefully curate our selection to include organic produce, locally sourced goods, and eco-friendly options, all conveniently categorized and easily accessible through our user-friendly interface.

With Nature Cart, you can browse through a diverse range of products, from farm-fresh fruits and vegetables to pantry staples, dairy products, household essentials, and more. Whether you're planning your weekly meals, stocking up on snacks, or looking for specialty items, we have everything you need to nourish your body and delight your taste buds.

Our website is designed to provide a seamless shopping experience, allowing you to browse, select, and purchase your favorite products with just a few clicks. With secure payment options and doorstep delivery, shopping with Nature Cart is not only convenient but also safe and reliable.

But Nature Cart is more than just a place to shop. It's a community committed to promoting healthy living and sustainable practices. We provide valuable resources, tips, and recipes to help you make informed choices and lead a healthier, more environmentally conscious lifestyle.

So why wait? Experience the convenience of online shopping with Nature Cart today and discover the joy of fresh, natural goodness delivered straight to your door. Join us on a journey to a healthier, happier you, one cart at a time. Welcome to Nature Cart - where nature meets convenience!

Group Member Details & Contribution

Name	SID No
J.A.N. Thalgahawatta	28676
M.N.M. Bandara	28670
N.M.H. Sathsara	28461
M.G.S.N. Sathsarani	28618
T.A. Neththasinghe	28312
K.M.C.M. Kodagoda	28417
R.P.A.R.S. Rajapaksha	28741
U.O.G.M.K.T. Bandara	28699
D.P.I. Perera	28682
A.S. Karunanayake	28745

J.A.N. Thalgahawatta

J.A.N Thalgahawatta has made a significant contribution to Nature Cart by creating the **product updating function**. Using her expertise in JSP pages and Java servlets, she developed a robust and user-friendly system that allows admins to update product information seamlessly. Her implementation enables administrators to modify product details such as name, description, price, and images with ease.

M.N.M. Bandara

M.N.M. Bandara has played a pivotal role in enhancing Nature Cart by developing the **product adding function**. Leveraging her expertise in JSP pages and Java servlets, she has created a seamless and intuitive system for adding new products to our inventory. Her solution simplifies the process of adding products, allowing administrators to effortlessly input essential details such as product name, description, price, and images.

N.M.H. Sathsara

N.M.H. Sathsara has made a remarkable contribution to Nature Cart by designing and developing the **Shop page**. Combining her expertise in HTML, CSS, JavaScript, JSP pages, and Java servlets, she has created a visually appealing and user-friendly platform for our customers to browse and purchase products. His design ensures seamless navigation and intuitive interaction, allowing customers to easily explore our extensive range of products.

M.G.S.N. Sathsarani

M.G.S.N. Sathsarani has significantly contributed to Nature Cart by developing the **product deleting function**. With her expertise in JSP pages and Java servlets, she has implemented a seamless and efficient system for removing products from our inventory. Her solution empowers administrators to effortlessly delete products that are no longer available or relevant. By incorporating user-friendly interfaces and robust backend processes, she ensures that the deletion process is quick and reliable.

T.A. Neththasinghe

T.A. Neththasinghe has been instrumental in crafting the **Contact page** for Nature Cart. Utilizing her expertise in HTML, CSS, JavaScript, JSP pages, and Java servlets, she has developed a comprehensive platform for customers to connect with us seamlessly. Her design ensures that the Contact page is not just a form, but an interactive hub for inquiries and feedback. Her implementation incorporates dynamic features like live chat and form validation, enhancing user engagement.

K.M.C.M. Kodagoda

K.M.C.M. Kodagoda focused on developing the **Shopping cart function** of our Nature Cart. They implemented an intuitive cart system using Java servlets, allowing customers to add and manage items before checkout. K.M.C.M. Kodagoda ensured seamless integration with the shop page and implemented session management to preserve cart data across user sessions.

R.P.A.R.S. Rajapaksha

R.P.A.R.S. Rajapaksha has played a crucial role in developing the **backend infrastructure for the Sign-in function** at Nature Cart. Leveraging her expertise in JSP pages and Java servlets, she has constructed a robust and secure system to facilitate user authentication. Her contribution primarily focuses on the backend operations, including user validation, password verification, and session management. Her solution ensures that users can securely access their accounts, providing them with a seamless e-shopping experience

U.O.G.M.K.T. Bandara

M.K. Bandara has played a huge role in shaping the **Home page** of Nature Cart. Leveraging her expertise in HTML, CSS, JavaScript, JSP pages, and Java servlets, she has created a captivating and user-centric landing page that serves as the gateway to our online supermarket. M.K. Bandara's design seamlessly integrates visually appealing elements with intuitive navigation, providing customers with an engaging and effortless browsing experience.

D.P.I. Perera

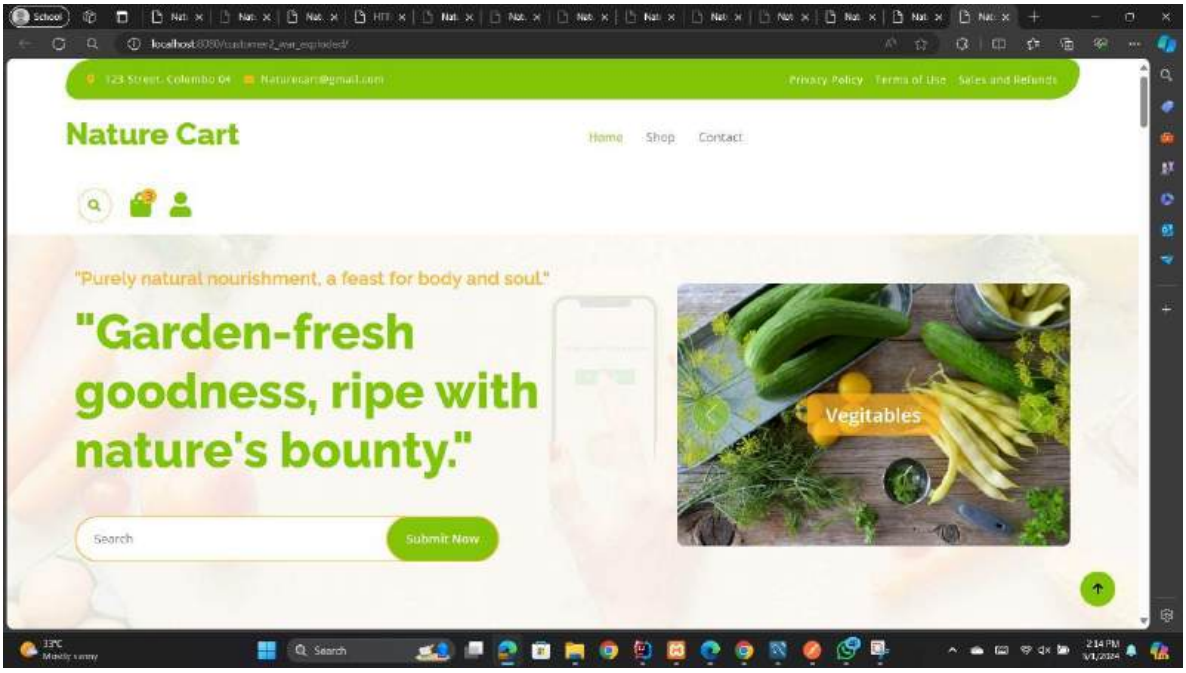

D.P.I Perera has been instrumental in developing the core functionalities of Nature Cart, including the **Product retrieving function**, **Payment gateway**, and the **entire database structure** of the website. Leveraging their expertise in database management and backend development, He has crafted a robust and efficient system that powers the entire e-commerce platform. Their contribution ensures that customers can easily retrieve product information, make secure payments, and seamlessly navigate through the website.

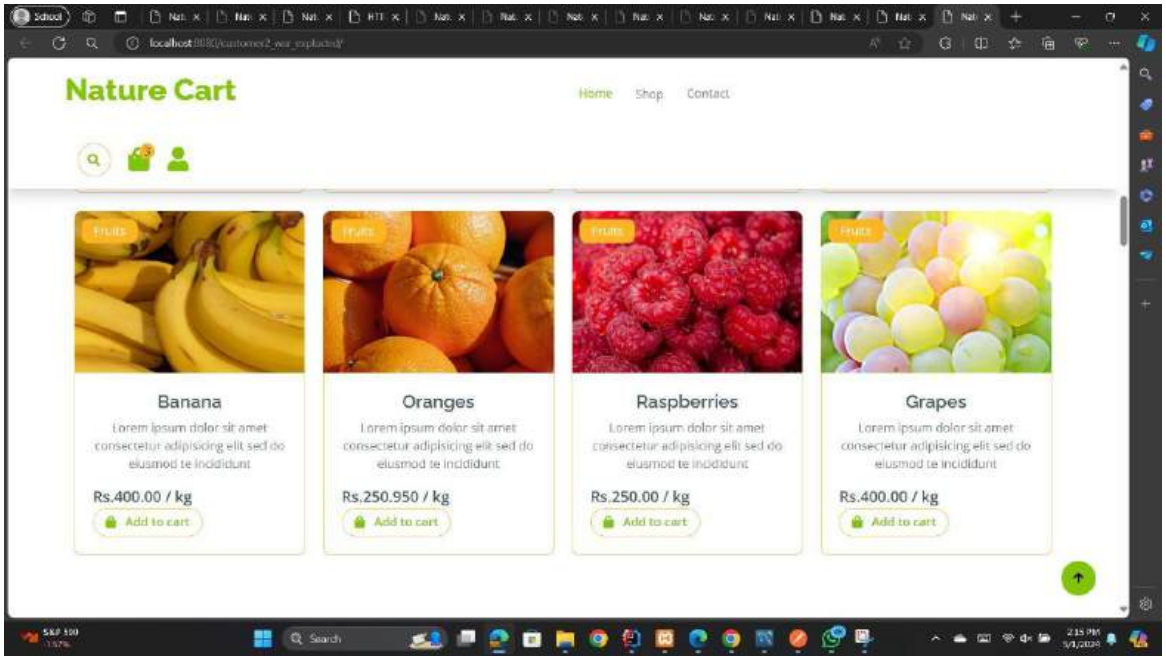

A.S. Karunanayake

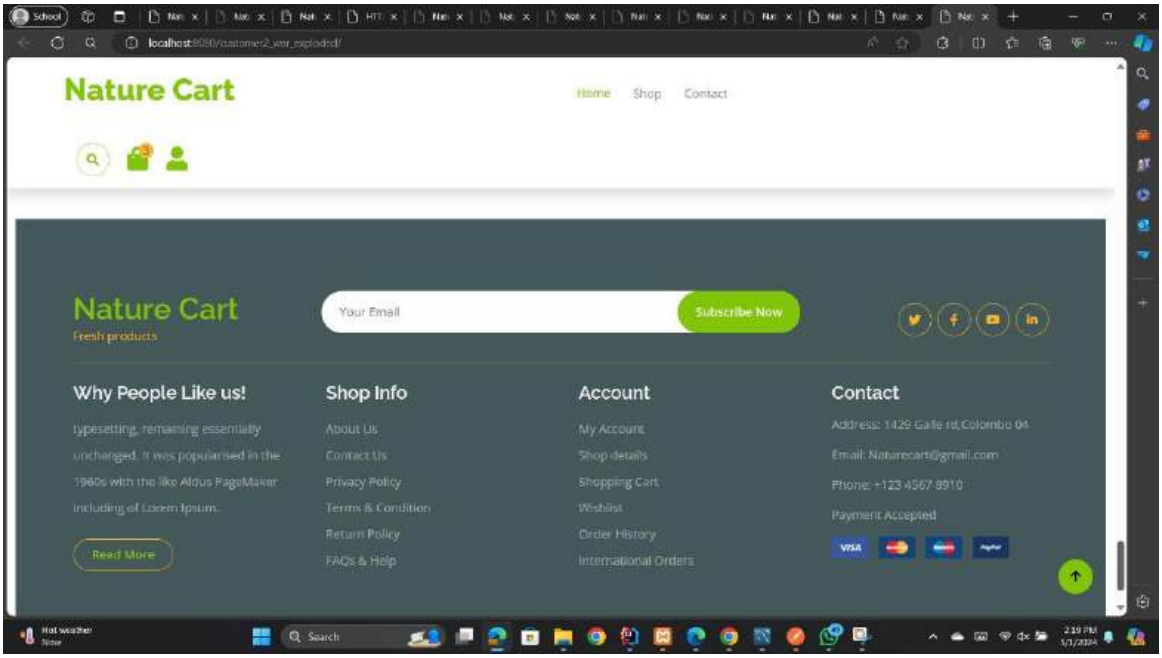

A.S. Karunanayake has played a vital role in developing the backend and front-end functionalities of Nature Cart, including the **Backend of Sign-In** and **Frontend of Sign functions**, as well as the **Admin Panel**. Leveraging their expertise in both backend and frontend development, He has crafted a seamless and intuitive user experience for our customers. They have ensured smooth user authentication and registration processes, allowing users to securely access their accounts and sign up for new ones with ease.

Home

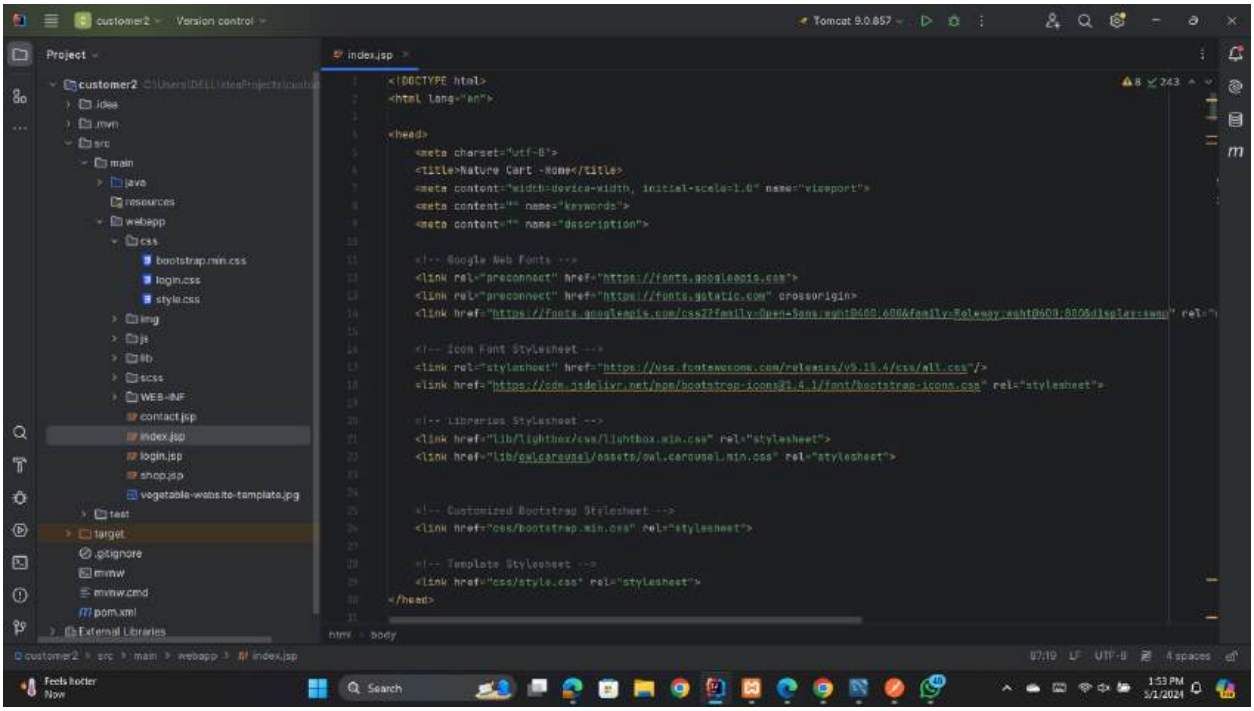

Our home page is designed to offer you a seamless browsing experience, featuring the latest New Arrivals, best-selling products, and testimonials from satisfied customers. Discover fresh produce and pantry staples in our New Arrivals section, while our Best Seller Products showcase the items our customers love the most. With our testimonials, you can hear firsthand about the exceptional service and quality products we provide. Plus, enjoy convenient services such as free delivery, 24x7 availability, freshness guarantee, and easy returns, making your shopping experience hassle-free.

Contact

Our Contact page at Nature Cart ensures that our customers can easily find us and get in touch with us. With an interactive map integrated into the page, finding our supermarket location is a breeze. Alongside, we provide our address, contact numbers, and email addresses for any inquiries or assistance needed. We also offer a feedback form where customers can easily send us their comments, suggestions, or inquiries directly through our website. Our dedicated admin team ensures prompt responses to all feedback, ensuring that our customers' needs are addressed quickly and efficiently.

Sign-Up & Sign-In

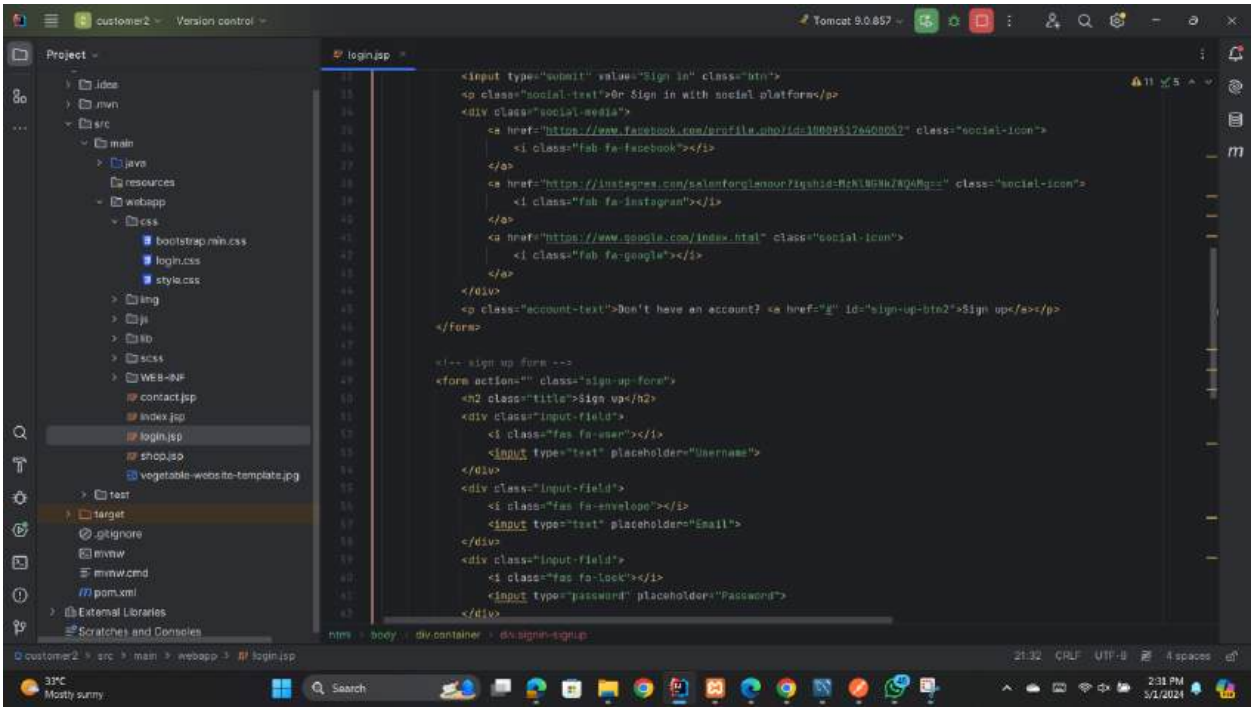

We've designed our Sign-In and Sign-Up pages to provide a seamless and secure experience for our customers. When signing up, users are prompted to create a unique username and password, along with providing their email address to receive updates and exclusive offers. This ensures that users stay informed about new products and promotions. Upon signing in, users simply enter their username and password to verify their identity and gain access to their e-shopping experience. Users can also sign up using their Google, Facebook,instragram

User.java file

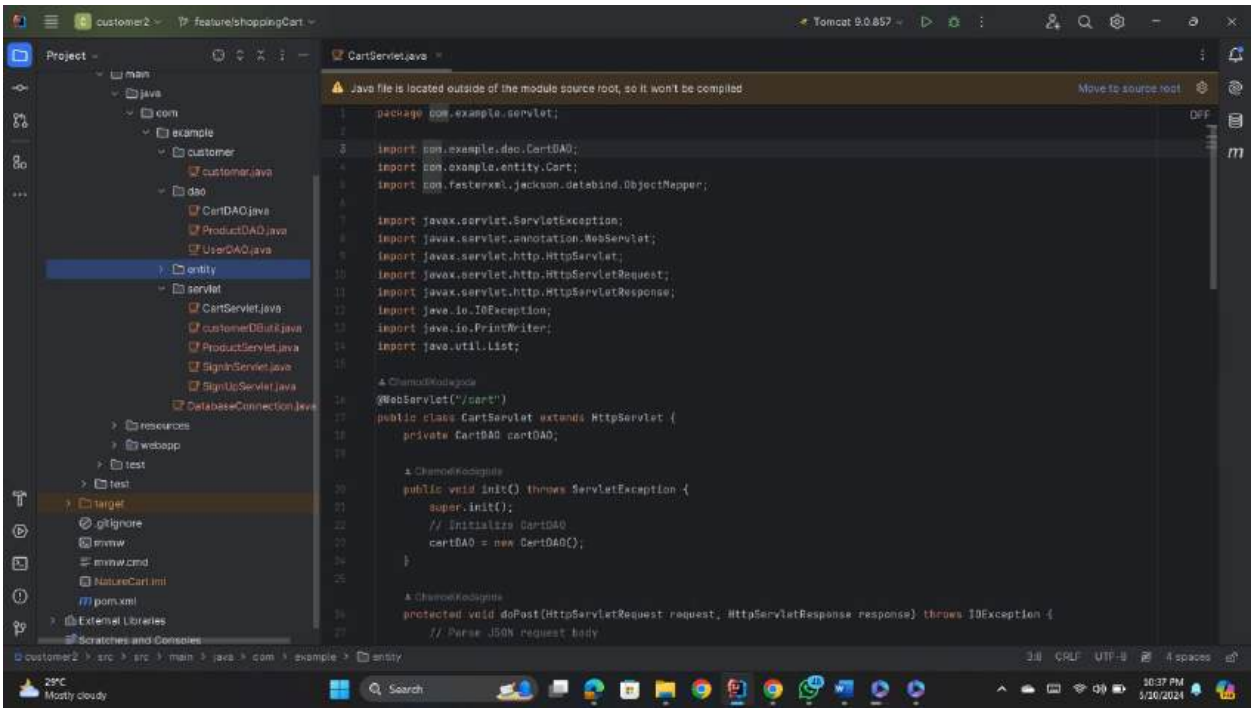

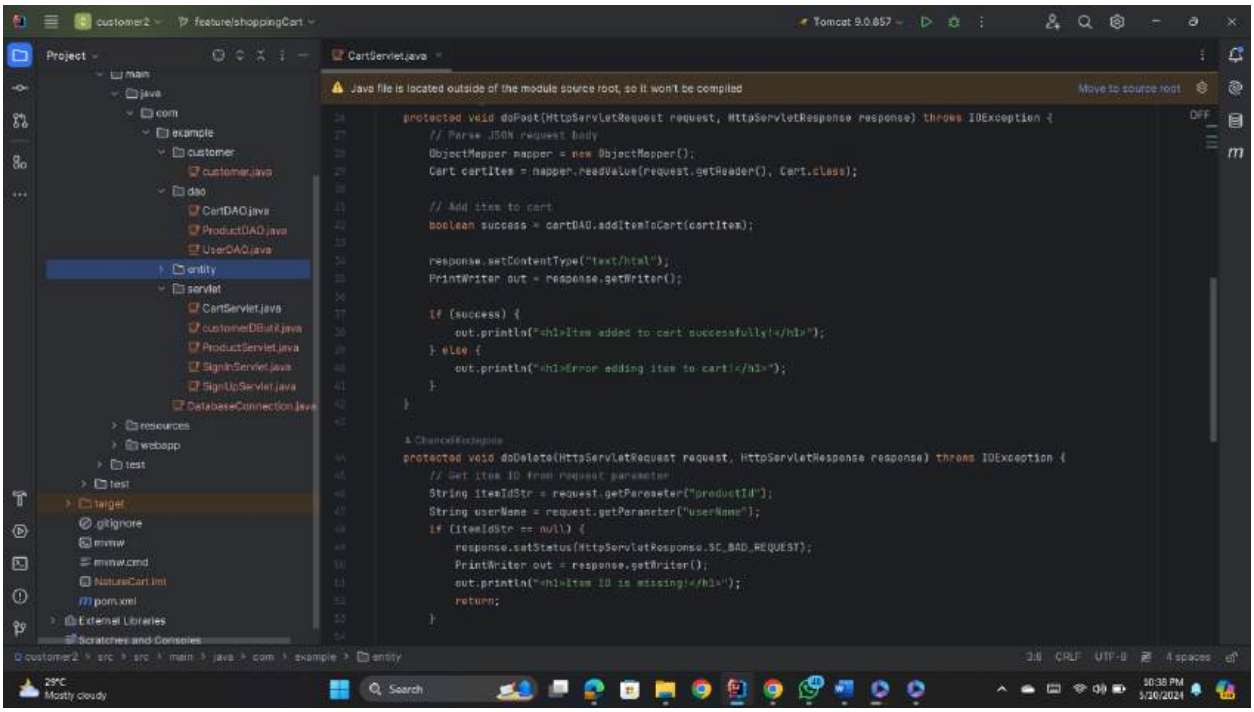

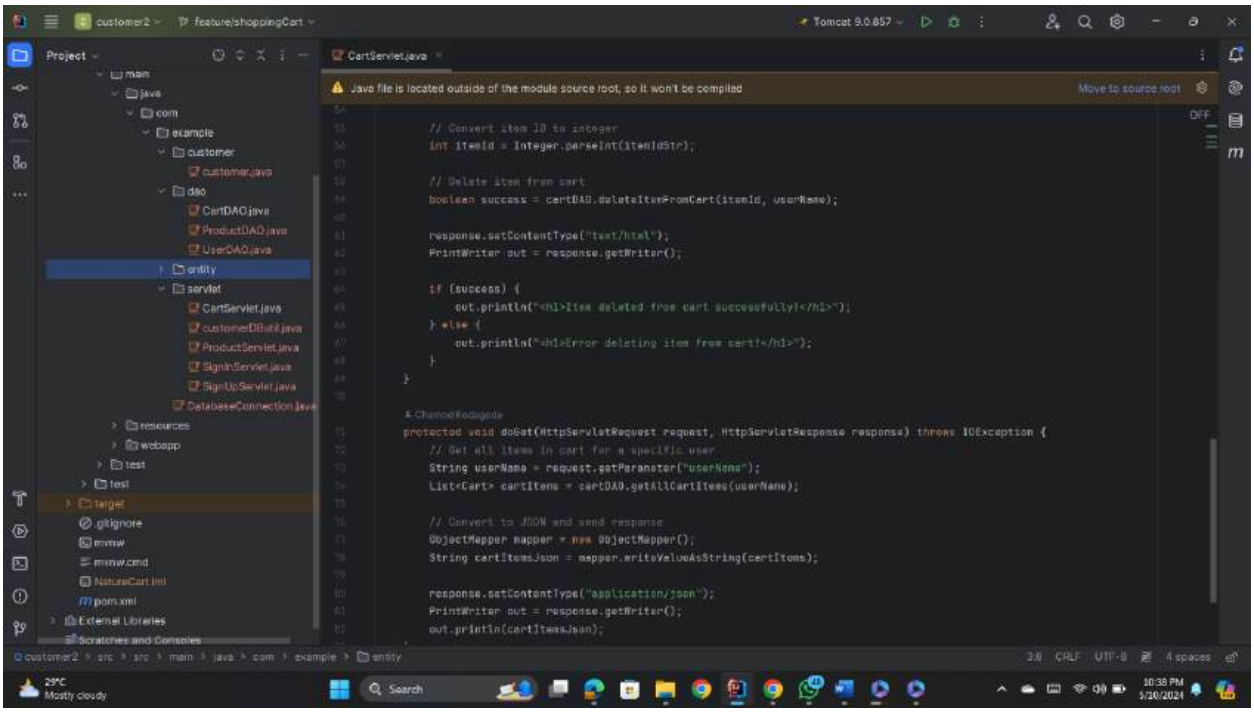

Add to Cart

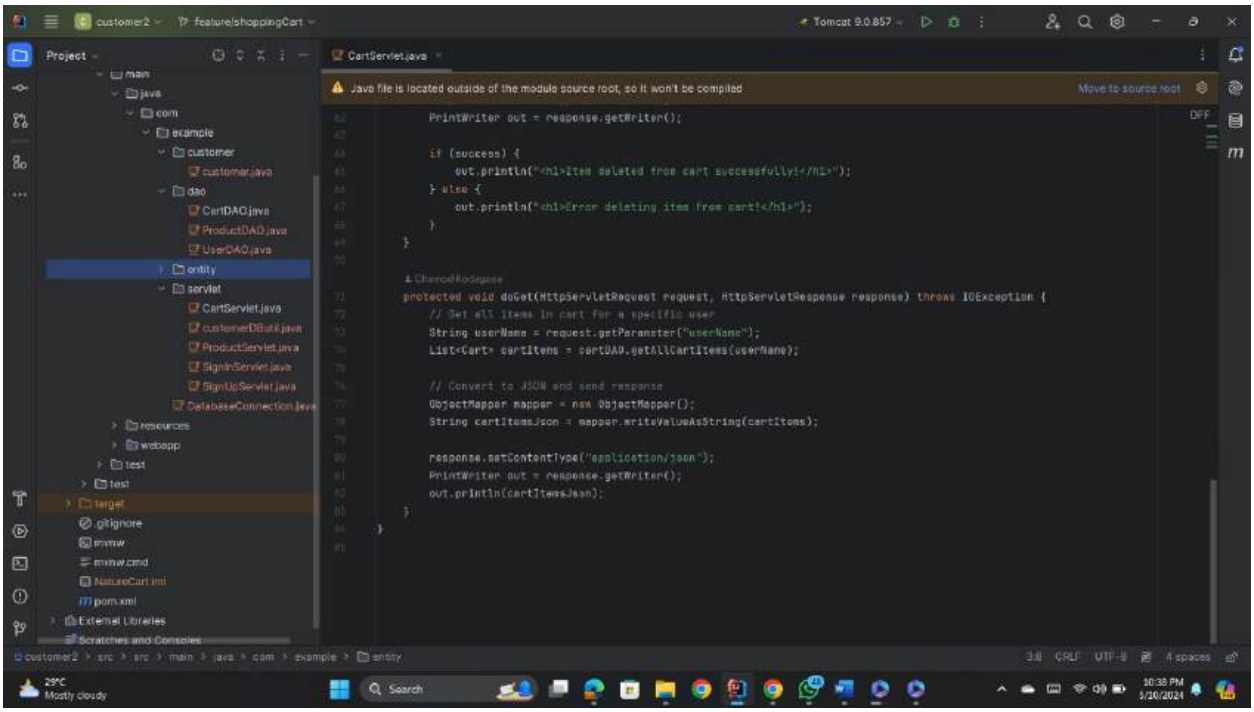

We've made it incredibly easy for you to shop for groceries from the comfort of your own home with our "Add to Cart" function. With just a click of a button, you can create your own virtual cart filled with all your favorite items, ready to be delivered straight to your doorstep. Our "Add to Cart" function allows you to browse through our extensive range of products and select the items you need with ease. Simply click on the "Add to Cart" button next to each product, and it will be automatically added to your cart. You can then review your cart, adjust quantities if need, and proceed to checkout when you're ready.

Product Delete

As administrators of Nature Cart, we have the authority to manage our product inventory by removing items from our website when necessary. This means that if a product is no longer available or if we need to make space for new items, we can easily delete it from our online store.

Product servlet file

```
package com.example.servlet;

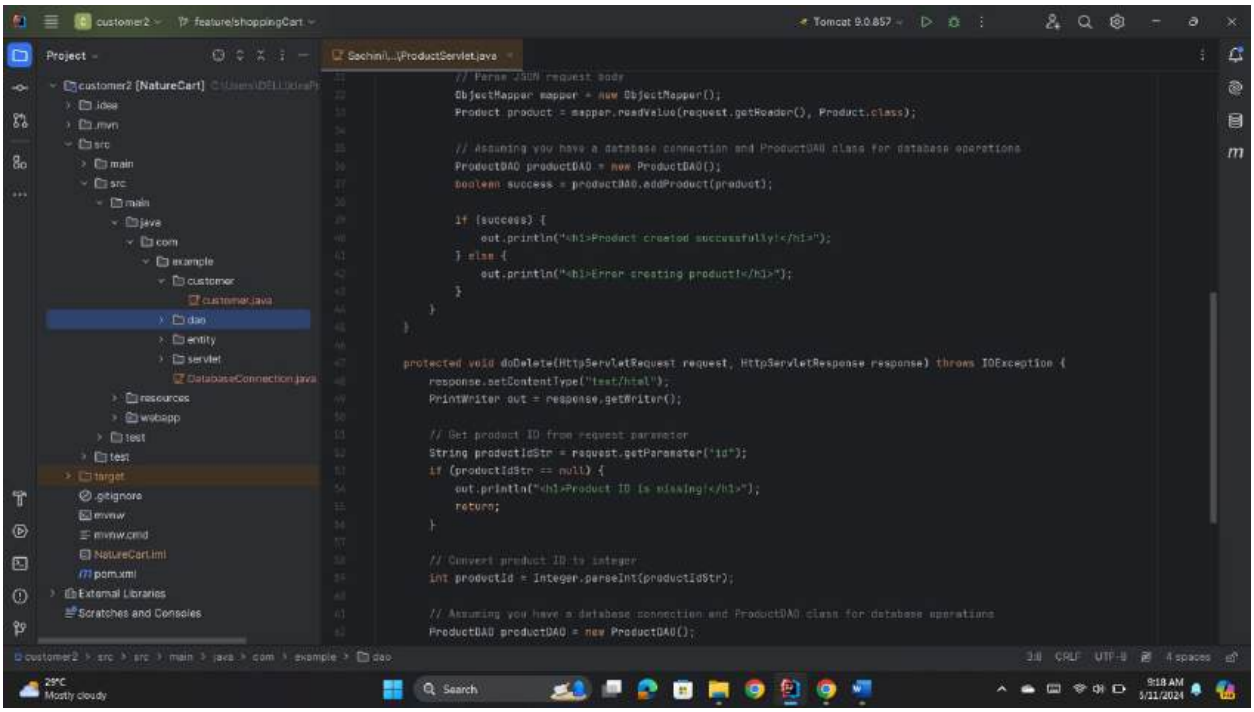

import com.example.dao.ProductDAO;
import com.example.entity.Product;

import java.io.IOException;
import java.io.PrintWriter;
import java.util.List;
import javax.servlet.ServletException;
import javax.servlet.annotation.WebServlet;
import javax.servlet.http.HttpServlet;
import javax.servlet.http.HttpServletRequest;
import javax.servlet.http.HttpServletResponse;
import com.fasterxml.jackson.databind.ObjectMapper;

@WebServlet("/product")
public class ProductServlet extends HttpServlet {
    public void init() throws ServletException {
        super.init();
        // Initialize ProductDAO
        ProductDAO productDAO = new ProductDAO();
    }
    protected void doPost(HttpServletRequest request, HttpServletResponse response) throws IOException {

        if (request.getMethod().equalsIgnoreCase("PATCH")) {
            doPatch(request, response);}
        else {
            response.setContentType("text/html");
            PrintWriter out = response.getWriter();

            // Parse JSON request body
            ObjectMapper mapper = new ObjectMapper();
```

```
            // Parse JSON request body
            ObjectMapper mapper = new ObjectMapper();
            Product product = mapper.readValue(request.getReader(), Product.class);

            // Assuming you have a database connection and ProductDAO class for database operations
            ProductDAO productDAO = new ProductDAO();
            boolean success = productDAO.addProduct(product);

            if (success) {
                out.println("<h1>Product created successfully!</h1>");
            } else {
                out.println("<h1>Error creating product!</h1>");
            }
        }
    }

    protected void doDelete(HttpServletRequest request, HttpServletResponse response) throws IOException {
        response.setContentType("text/html");
        PrintWriter out = response.getWriter();

        // Get product ID from request parameter
        String productIdStr = request.getParameter("id");
        if (productIdStr == null) {

In conclusion, this project has provided valuable insights into the complexities of software development. Despite encountering challenges along the way, we successfully achieved our objectives and delivered a functional product. Through this experience, we have enhanced our technical skills, teamwork abilities, and project management capabilities. Moving forward, we recognize the importance of continuous improvement and collaboration in future software endeavors.
